Live Better

## Neo

A high quality, versatile, tile based office system that is designed to deliver high levels of productivity. Neo workstations provide employees adequately private individual spaces with modern, customisable aesthetics.

Neo brings together elements of simplicity and functionality to generate a positive and creative workspace. The office space can be configured, as required, to incorporate open or semi-private areas that foster dialogues.

Oracle

Caterpillar

Flowserve

The basic Neo workstations come with a choice of either 50mm or 70mm partitions. Installation is quick and easy. Neo workstations can also be easily taken apart and reinstalled at a new location, if required.

Notable clients: Oracle, Caterpillar, Aricent, Airbus, Zensar, TCS, Cognizent, Jockey, Xerox

## Neo Height Adjustable

Free standing tables integrated seamlessly with Neo's partition systems that allow users to adjust them to suit the required task. Height adjustment permits seated or standing work and allows for a healthy variety of postures through the day. Neo Height Adjustable tables can be either mechanically or electrically operated.

Prolonged standing can lead to the development of musculoskeletal disorders, especially in the legs, knees and lower back. Most experts recommend a 50:50 sit-stand ration.

Notable clients: LinkedIn, Thomson Reuters

## Neo Slim

A modern, sustainable option that facilitates better economy and space management. Neo Slim features considerably thinner return partitions and is a product of distinguished quality. Without compromising stability and structural integrity, Neo Slim provides an office space the look and feel of a vibrant, collaborative, modern workspace.

Neo Slim uses 33mm return partitions instead of the usual 50 or 70mm. It facilitates identical levels of privacy and functionality while saving space, materials, and cost. The main partitions remain as 50/70 mm, thereby retaining the robustness of the system.

Notable clients: Thomson Reuters, HCL, Toshiba, Salarpuria

## Neo Fusion

Pole-based system that amalgamates openness and privacy. Neo Fusion provides an alternative, modern, open aesthetic by combining features from table based and partition based office systems.

Neo Fusion facilitates improved air circulation and reduces energy lost in cooling through absorption. This system is a well suited sustainable and economical solution for large offices.

Neo Fusion is a hybrid design and reflects the customisability of the system. The aesthetics blend especially well in offices requiring a power-pole from the ceiling.

Notable clients: Mercedes-Benz, MTS, Delphy, Infosys, Silverspark

## Cabin Furniture

Tasteful desk and storage solutions for individual cabins, either free standing, or integrated with the partition systems. Featherlite's cabin furniture range simplifies planning while sustaining a consistent aesthetic throughout the office.

The tables and storage units are completely customisable to fit your space, aesthetic, and privacy requirements.

## Conference Spaces

In today's workplace, people gather to solve problems and to exchange or develop knowledge. Now more than ever, there is a shift from individual work areas to shared workspaces. Featherlite Conference Furniture is designed to reflect today's team-based corporate culture. The range includes products that suit spaces designated for team seminars or large-scale group presentations in an office.
